

FISCAL NOTE

SB 1658 - HB 2105

April 1, 2007

SUMMARY OF BILL: Authorizes municipal electric systems to provide services outside its current customer service area. Authorizes joint ventures with parties where one of the parties is not an in state franchise holder. Requires the consent of an electrical system before another may move into its territory.

ESTIMATED FISCAL IMPACT:

Other Fiscal Impact – Allowing one municipal electric system to provide service in the service area of another municipal electric system is estimated to result in a shift in local government revenues and expenditures. The magnitude of such shift will depend upon the size of the area and the number of customers served. However, it can reasonably be estimated that such shift will exceed \$100,000 in both revenues and expenditures.

Assumption:

- No fiscal impact to the state.
